# Our History

Opening our first treatment facility, Cassiobury Court in 2011, the group has steadily developed excellent care and treatment programmes for anyone struggling with their addiction to drugs or alcohol.

Building on our success, the group opened its doors to clients from the North of England at our new facility, Ocean Recovery & Wellness Centre, Blackpool in 2015. During 2017 the group is continuing to grow with the introduction of two new facilities in Gloucestershire and Leicestershire.

Since this time, we have been proud to support hundreds of clients achieve their own personal recovery and live healthy and fulfilling lives; whilst working hard to support countless families and loved ones as they rebuild their lives and repair years of hurt and concern. Across the group we have helped many employers to support their staff and workforce to tackle their addictions, enabling many employees to remain a productive member of their company and secure their employment and the investment from their employer for many years ahead.

At the end of 2017, the Rehab Clinics Group will become one of the UK's largest groups of private drug and alcohol treatment; offering excellent care and therapy for over 80 UK and Foreign clients at any time across our range of treatment locations.
